Take Heart Counseling and Equine Assisted Therapy

Take Heart's mission is empowering individuals and families to find hope, healing, and wholeness through therapeutic work with horses. Take Heart is named for the verse John 16:33, in which Jesus tells us that despite our troubles, we can "take heart" and put our hope in Him.

We work with all ages and provide trauma-informed, evidence-based therapy with professional counselors working alongside horses in a peaceful ranch environment. We work with a wide variety of individual and family struggles and offer regular group services ranging from group therapy to corporate retreats and workshops. We often find this is a beneficial alternative to traditional therapy, as our approach is to heal a whole person: body, mind, and spirit.
